Presidio Honored as Recipient of the 2017 Dell EMC Services Delivery Partner of the Year Award and Partner Services Quality Award

New York, NY – May 10, 2017 – [Presidio, Inc.](http://www.presidio.com) (NASDAQ:PSDO), a leading North American IT solutions provider, today announced it has received the 2017 Dell EMC Services Delivery Partner of the year award, a new award introduced this year. Presidio was also honored with the 2017 Partner Services Quality (PSQ) Award for achieving extraordinary results and commitment to Dell EMC. This marks the ninth consecutive year Presidio has received the exclusive recognition.

The awards were presented to Presidio at the Global Partner Summit. The 2017 Dell Services Delivery Partner of the year award recognizes Presidio as a leader in the development and delivery of services that are built on the extensive family of Dell EMC products. In addition, the Partner Services Quality Award recognizes Presidio for excellence in providing Dell EMC services. This award is based on feedback provided by our many valued customers, demonstrating our focus on customer success.

“Presidio helps customers with the digital transformation of their businesses and operations working with strategic partners such as Dell EMC,” said Bob Cagnazzi, Chief Executive Officer at Presidio. “Our full lifecycle services including strategy, consulting, design, professional and managed services are a key part of our value differentiator for our clients especially in the mid-market space. These awards are based directly on Presidio’s services skills, client satisfaction and experience, which are priorities for us. It is a testament to our longstanding partnership with Dell EMC and their best-of-breed portfolio that enable multi cloud, virtualization, converged infrastructure, and software defined data centers.”

“Presidio is a highly regarded Dell EMC Titanium partner that continues to provide best-in-class services to help customers realize their path to IT transformation,” said Erica Lambert, Vice President, Channel Services Sales at Dell EMC. “We thank them for their commitment and look forward to our continued partnership.”

Presidio helps customers use private, hybrid and multi cloud technology to enable traditional IT business models and more secure, agile operations. By scaling efficiently and provisioning resources based on changing application demands, security and governance profiles organizations can introduce new products and services at an unprecedented speed and scale. We offer consulting, design, migration, integration, managed services and support, for data center modernization, orchestration and automation, cyber security, IT transformation, DevOps and software development and ongoing operations. In addition, we offer Presidio Cloud Concierge, a cloud brokerage platform that provisions resources across private on-premise data centers and public cloud environments in an “as a service” model. As a provider of integrated multi-vendor,

PRESIDIO®

multi-technology solutions for our clients' complex and mission-critical IT needs, we tailor and deploy an optimal mix of technologies from our ecosystem of over 500 alliances.

ABOUT PRESIDIO

Presidio (NASDAQ:PSDO) is a leading IT solutions provider assisting clients as they harness technology innovation and simplify IT complexity to digitally transform their businesses and drive return on IT investment. Our digital infrastructure, cloud and security solutions enable our approximately 7,000 middle market, enterprise and government clients to take advantage of new digital revenue streams, omnichannel customer experience models, and the rich data insights generated by those interactions. We deliver this technology expertise through a full life-cycle model of professional, managed, and ongoing support services, including strategy, consulting, design and implementation. Through over 60 US offices and 2,800+ professionals, including 1,600 technical engineers, we are trusted advisors to our clients on a local level while also bringing our national scale and expertise to bear. We had \$2.7 billion in annual revenue in fiscal 2016 and are majority owned by funds affiliated with Apollo Global Management, LLC (NYSE:APO).
